

S5/6 SENIOR PHASE COURSE CHOICE FORM - ADVICE

Progression of courses and levels

Below is a list of subjects currently available for students to choose. Please note that these are subject to change based on available staffing and numbers.

S6 students can pick subjects delivered through the West Lothian Virtual Academy. This is an online delivery with 2 periods of 'live' lessons each week delivered on either a Tuesday or Thursday afternoon. Students will access 3-4 in person sessions over the course of the year to support with coursework delivery.

Students completing an AH Science option through the Virtual Academy will be given a mentor in school who will support them with their project.

Some Higher subjects may run through our new West Academies HUB model. This will be an in-person delivery for two double periods on a Monday/Wednesday afternoon at either Armadale Academy, Whitburn Academy, Bathgate Academy or St Kentigerns Academy. There will be an additional two periods per week allocated to self-study.
